

# SIDE TABLE ASSEMBLY INSTRUCTIONS

Here are the six pieces you will assemble:

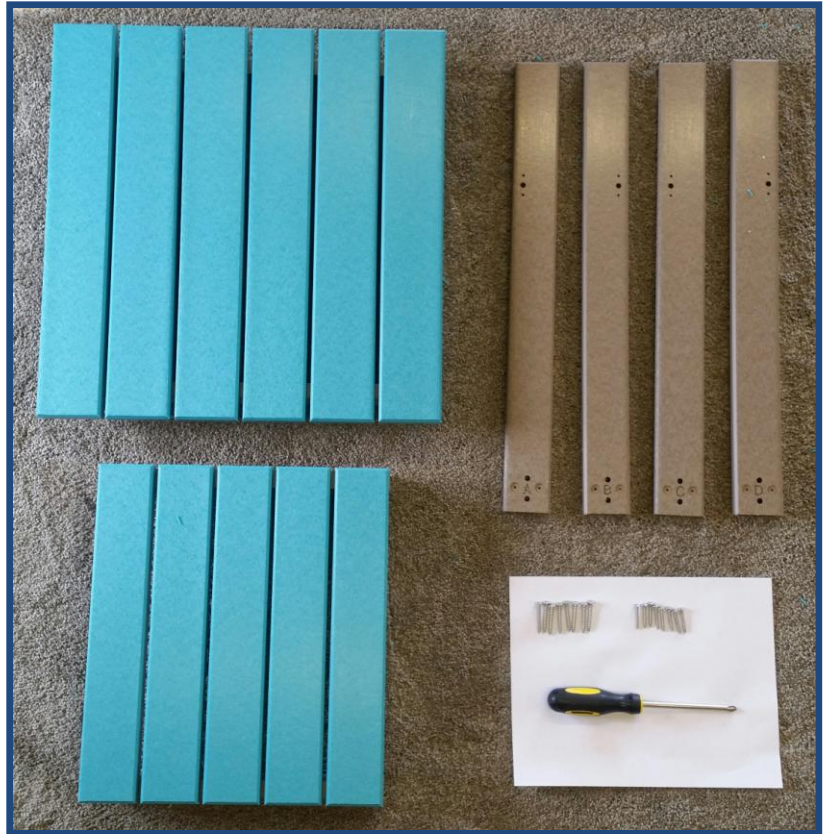

1. Table top
2. Shelf
3. Legs (4)

Hardware (included):

- (8) 1 1/4" Screws
- (8) 1" Screws

Required tools (not included):

Philips screwdriver

We recommend you use a screwdriver to hand tighten so you do not drill through.

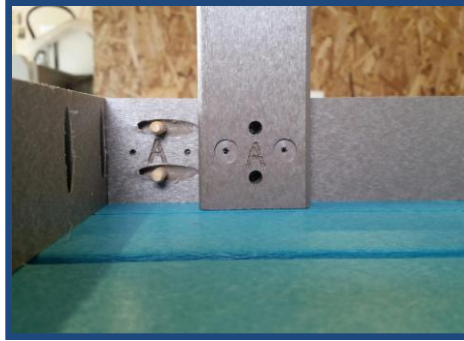

**If you choose to use a power drill, DO NOT OVER TIGHTEN.**

Visit [www.truaxtimberco.com/instructions](http://www.truaxtimberco.com/instructions) to view these same instructions online

### Step 1

Turn table top over and insert holes in legs onto dowels, lining up leg with corresponding letters (A,B,C,D).

The letters must face you (see picture).

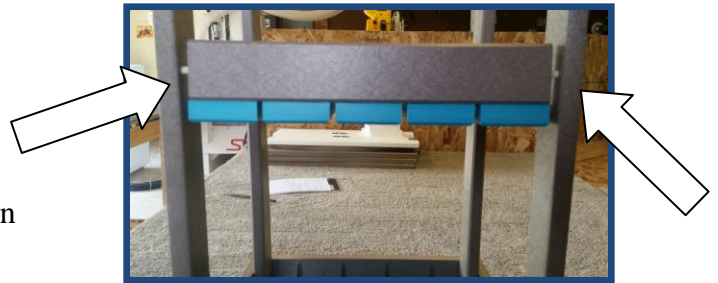

### Step 2

Insert and tighten two (2) 1 1/4" screws into each leg.

### Step 3

Line up dowels on the lower leg with the holes on the shelf

### Step 4

Insert and tighten two (2) 1" screws into each leg.

### Step 5

Set side table upright and enjoy!
